COMMITTED PEOPLE

In the year 1875 this company was established by Late Shri Jairamdas Aggarwal . Throughout his career he was successful. He developed the business with his skills and hard work. This was the beginning of a five generation business now crossing over 140 years of triumph and success.

In 1920 Late Shri Khushiram Aggarwal son of Late Shri Jairamdas Aggarwal, continued the business with same title. He too was very business conscious and took it into next level. Looking to vast field of Indian Ayurveda his focus helped in achieve the excellence in trading herbs and spices.

In 1953 Shri Haridass Aggarwal son of Late Shri Khushiram Aggarwal stepped into this business with new vision of reaching beyond the present periphery. He was responsible to start the Import and Export of the Herbs and Spices beyond India. It were his efforts to establish trade with International customers.

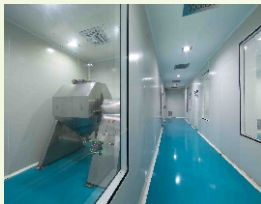

In 1975 a dynamic person Shri Sanjiv Aggarwal son of Shri Haridass Aggarwal entered the business. He was a self-motivated person with lots of visions. He thought of stirring the traditional and ancestral know how to a modern way. His thought of taking business to modernization level which was a path breaker at that time. It was his exertion to start a Cold storage unit. This enabled the company to stock products for longer period and thus overcome the demand of customers throughout the year.

He installed state of Art Analytical Laboratory which countered all the technical queries raised by customer independently at in-house labs. He was very active in promoting business through Trade-shows around the world. His great knowledge of Herbs and Spices rewarded him with good customers from overseas.

Today the business is energetically run by his two sons Shri Sonaal Aggarwal and Shri Ankit Aggarwal. From a traditional trading business they took the prudent step in setting up modern state of the art Botanical Extract Unit and Botanical Herbs and Spices Processing Unit.

Today with the work force of more the 250 employees they are prepared and equipped with modern technology to counter any given requirements from customers around the world. Exporting to more than 30 nations with more than 300 herbs this company is progressing at a rapid pace. New development and Learning is the principal of this company. With the new thoughts of Shri Sonaal Aggarwal and Shri Ankit Aggarwal, there are lots more coming into the business. As said sky is the limit so is the mindset of this company. Each and every day it's a new learning experience considering to the customers demand and with the development of Herbal industry.
